Contact: Sean Gallagher; sean.gallagher@avantik-us.com; www.avantik-us.com

Avantik brings together guaranteed products and services to help laboratories achieve total workflow control. Avantik offers quality new instruments, such as the revolutionary Avantik QS12 Cryostat, fully remanufactured histology lab equipment and the industry's highest quality of consumable goods available. From lab planning, design and set-up to offering a complete line of consumables with unmatched service and support, Avantik is your partner in achieving consistent, flawless lab operations.

Leica Microsystems, Inc.

1700 Leider Lane, Buffalo Grove, IL 60089; Tel. 847-812-6759

Contact: Trina Palm; trina.palm@leicabiosystems.com; www.leicabiosystems.com

Leica Biosystems (LeicaBiosystems.com) is a global leader in workflow solutions and automation, integrating each step in the workflow. As the only company to own the workflow from biopsy to diagnosis, we are uniquely positioned to break down the barriers between each of these steps. Our mission of "Advancing Cancer Diagnostics, Improving Lives" is at the heart of our corporate culture. Our easy-to-use and consistently reliable offerings help improve workflow efficiency and diagnostic confidence. Visit LeicaBiosystems.com for more information.

BRONZE SPONSOR

Beck Consulting & Associates

1220 Nettles Blvd., Jensen Beach, FL 34957; Tel. 828-369-2315

Contact: Brian Beck; beckconsulting.us@gmail.com; www.beck-us.com

Beck Consulting provides the only accredited program for technical training and consulting for Mohs and histology laboratories for over fifteen years! We offer complete technical assistance and training for Mohs and histology. We can train on your own equipment in your office or at one of our workshops, to create proficiency in cutting Mohs and histology sections. We can do full lab setup for both dermpaths and Mohs surgeons. Our training includes CLIA/OSHA documentation. We have set up over 620 labs to date with zero deficiency ratings.
