Practice Limited to The Treatment of Skin Cancer

MOHS MICROGRAPHIC SURGERY

Seeking Mohs Surgeon for Thriving Practice in SC

- Actively seeking a uniquely qualified fellowship-trained or MDS Certified Mohs surgeon to join a well-established private practice of 32 years
- Immediate opening July 1st, 2023 - pure Mohs practice with 10+ cases per day if desired
- Our hope is that you will achieve the positive work/life balance you have been seeking while lending your expertise to a collegial team focused on unsurpassed patient outcomes and satisfaction

About the position

- **Full-time; 4 days per week - no weekends!**
- Single location with 2 mid-level providers and one Radiation Therapist with shared supervision
- Enjoy the focus you've been training for by limiting your practice to the treatment of skin cancer from day one. Cosmetic surgery opportunities are available if desired.
- Experienced support staff providing superior patient care

Compensation Details

- Highly competitive base salary plus an **uncapped** productivity bonus with partnership after 1 year.
- Comprehensive benefits package
- Sign-on bonus
- Relocation assistance

Practice Highlights

- Friendly, relaxed, and comfortable environment
- Modern, renovated office with 15 bright, fully equipped exam rooms and 11,000 sqft of space
- Newly equipped Mohs lab with permanent section capabilities run by our outstanding, efficient histotechnician

Location Features

Immerse yourself in this charming town located near the foothills of SC with beautiful lakes and a thriving economy 25 minutes from Greenville, SC. This area is growing rapidly with continuous investment from international companies and is located halfway between Charlotte, NC and Atlanta, GA. The upstate boasts a temperate climate, with lovely seasonal changes but none of the stress of natural disasters like hurricanes or wildfires.

Anderson is a lovely place to reside, ideal for young professionals and families alike. With excellent schools, an **award-winning healthcare facility** and established medical community, ample recreational opportunities like hiking, mountain biking, and boating, and **Greenville/Spartanburg International Airport** nearby, you'll have access to all the comforts and luxuries needed to make yourself right at home!

Please see the enclosed practice brochure which outlines the philosophy of this one-of-a-kind practice model
